HELPING PATIENTS AND THE COMMUNITY

In addition to supporting patient needs, **Carolina Caring** has a strong commitment to the community and seeks to nurture connections with people and groups who want a greater awareness of how we can help enrich the human experience. We offer many services including spiritual guidance and comfort. We also offer presentations to civic groups, businesses and schools as well as anyone who desires to know more about our philosophy of care.

The **Carolina Caring Foundation** is committed to ensuring that everyone can access the services of Carolina Caring regardless of their ability to pay. This promise of care is made possible because of community support and generous donations from individuals who believe in our mission to serve everyone who needs us. Donations are gratefully welcomed online or by mail.

ENHANCING LIFE THROUGH WORLD CLASS CARE

Carolina Caring is a nonprofit healthcare organization that seeks to honor your loved one and provide the medical and emotional support they need.

We have been providing high-quality, comprehensive healthcare services for more than 40 years so that your loved one can live their best life as they face a serious illness.

Recognized among Modern Healthcare's Best Places to Work for three years in a row, our dedicated team members provide personalized attention and compassionate care that uplift families in our community.

Palliative Medicine is vital to providing competent, compassionate support for anyone facing a serious illness. Offered in various settings across western North Carolina, we offer personalized care when you need it - whether that be at our Palliative Medicine Clinics or in your home, assisted living facility, nursing center or at a hospital.

Our goal as palliative care providers is to give patients a better quality life by:

- Managing their symptoms
- Helping them make important medical decisions
- Minimizing trips to emergency rooms and hospitals

If you are dealing with a serious illness that keeps you from enjoying your day-to-day activities, a palliative medicine consult can help.

NO MATTER WHERE YOU ARE IN THIS JOURNEY, WE WILL WALK WITH YOU.

Cardinal Kids is a community-based health care program dedicated to helping children and their families face the challenges of serious illness. Our top priority is to ensure an appropriate level of comfort based on a plan of expert, individualized health care.

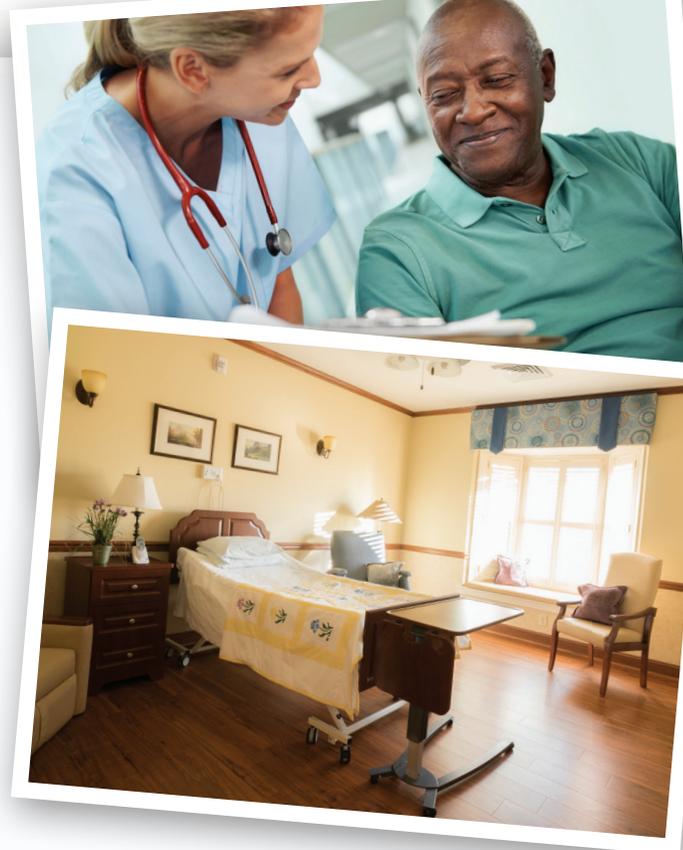

Hospice Care is intended to provide enhanced quality of life for people who are facing the last months of their lives. Patients are connected to a team of specialists who strive to uplift the person in body, mind, and spirit. They also embrace the family in their efforts, knowing that illness affects more than just an individual. When at all possible, hospice care is provided wherever a patient feels most comfortable: at home or in a nursing home, assisted living facility, retirement center, hospital, or one of Carolina Caring's hospice houses.

Hospice houses provide comfort, care, and compassion for patients with acute medical needs. The Carolina Caring Hospice Houses promise attentive care in a calm, family-friendly environment featuring:

- Single-patient rooms with comfortable furnishings
- Private bath
- Shared amenities including:
 - o Inviting family rooms
 - o Cheerful sunrooms
 - o Peaceful outdoor spaces for family, children, and friends

The **Center for Grief & Healing** provides individual or group counseling as well as community programs to those experiencing a serious illness or surviving the loss of a loved one. We understand that grief is an overwhelming and isolating emotion which can be difficult to navigate alone, without guidance from others who have had similar experiences. With our help, you'll find your way through this unfamiliar territory while receiving compassionate support to help create meaning after suffering a loss.

VETERANS HELPING VETERANS

Carolina Caring's Veterans program is committed to meeting the unique needs of our veterans and their families by offering resources and support that acknowledges their service and sacrifice. Our recognition ceremony pays tribute to veterans and honors their contributions to our nation.

PACE@Home is a program that addresses the social, physical and mental well-being of seniors and allows individuals in need of skilled nursing home care to remain in their home or community setting. For more information, visit pace-at-home.org.

House Calls are back. Healthcare providers are more accessible than ever with Carolina Caring's new home medicine service, designed to serve patients who face barriers to accessing routine medical care. By offering modern-day house calls, patients can be seen by a specially-trained healthcare provider in the comfort and safety of their home. Our providers also care for patients residing in assisted living centers.

INNOVATIVE CARE,
BECAUSE EVERY
DAY MATTERS.
